State bound...Area football fans are excited as one of their teams heads to the state playoffs in Daytona Beach this weekend. The Glades Day School Gators will be playing the Graceville Tigers for the state championship title. Shown above is the Gators football team in Saturday's "Christmas in the Glades" parade. Glades Central's Raiders also have a shot for the state championship. They have one more game before they go to state. Good luck to both teams!

"Christmas in the Glades" sets mood for the season

By Brenda Bunting
Editor

If Glades residents weren't in the Christmas spirit before this week, they were after all the singing and two parades.

The holiday season was kicked off Saturday morning with the annual "Christmas in the Glades" parade, sponsored by the Belle Glade Chamber of Commerce.

Residents were treated that evening to a special performance of Christmas music by local singers and choirs during

the annual Living Christmas Tree performance at the Dolly Hand. The performance was repeated Sunday afternoon to accommodate the large crowds.

Monday night saw the repeat of Pahokee's after dark Christmas parade, which is always a winner with young and old alike.

Plaques were given by the chambers to the best decorated floats, cars and marching units.

Police cracking down on drug activity in Belle Glade

Brenda Bunting
Editor

Because of an increase in drug activity and trespassing in abandoned buildings in the 500 block of Southwest Avenue C, Belle Glade, police have stepped up patrols in that area.

They also have made several arrests for possession of cocaine and possession of narcotic paraphernalia.

Arrested were John K. Morris, 32, of 621 S.W. 13th Street, on an outstanding warrant for

possession of cocaine; Prentice Hobbs, 33, of 816 S.W. Avenue C Place, Belle Glade, for possession of narcotic paraphernalia and Edward Collins, 32 of 611 Farm Place, Pahokee, for failure to appear on an outstanding warrant.

The three men were placed in the Palm Beach County Jail.

Officers involved in the arrests were Patrolman Kevin Kuschel, Patrolman Claude Cosby and Patrolman Lawsins Whitfield.

An open letter to area high schools from Belle Glade Mayor Steve Weeks

Residents of the Glades have always been especially proud of our young people and their many accomplishments.

This year, we have reached a real pinnacle of success. Pahokee High, Glades Central High and Glades Day School have been involved in football post-season playoffs for state championships.

Congratulations to all of the team players,

coaches, students and faculties of all schools. You have achieved so much, and we are all sharing in the pride of your accomplishments. Good luck against Lake Wales this Friday, Glades Central, and to Glades Day this Saturday, we wish you the best of luck in your quest for the 1A Championship against Graceville. We know already that you are all champions. "Whoop, there it is."

Ventriloquist to perform at Dolly Hand Cultural Arts Center

Geraldine Ragan and "Ricky"

Sunset Gospel Jubilee of Pahokee is presenting an evening of family enjoyment on Friday, Dec. 17, at 7:30 p.m. at the Dolly Hand Cultural Arts Center.

The program will feature Geraldine Ragan along with "Ricky" who is her ventriloquist

friend. Although Mrs. Ragan was offered a career with Disneyland of California after high school graduation, she declined. Instead, she joined the E.J. Daniels Evangelistic Association and traveled across America for six years.

She married P.G.A. professional golfer, Dave Ragan in 1972 and she and her husband, along with their two sons make their home in Sarasota. Mrs. Ragan and "Ricky" minister to young and old as they travel all over America, the Holy Land; Europe, South America, Canada, Mexico, and Jamaica.

In addition to her performance, the Sunset Gospel Jubilee and other gospel groups will perform.

Tickets are \$5 and may be purchased at the door or call 924-2037, 924-2767, 924-7998 or 996-8583 for more information.

This program is supported by the non-profit organization of the Women's Auxiliary of the Glades Health Care Center.

A living Christmas Tree...Glades residents packed the Dolly Hand Cultural Arts Center this past weekend for two performances of The Living Christmas Tree. The performance, put on annually by local singers and school choirs, always draws a large crowd. This year, the performers had a new "tree" which made the singers easier to see. Local hospital files lawsuit

Timmy Jackson
Staff Reporter

Everglades Regional Medical Center recently filed a lawsuit against the Palm Beach County Health Care District. The hospital claims the district is in debt to them for over \$20 million.

Terry Watterson, attorney for Everglades Regional Medical Center said, "The district has always defaulted on all obligations to the hospital."

The lawsuit marks yet another round of in numerous lawsuits filed that eventually cost taxpayers in the district and the hospital an enormous sum of money.

The suit filed in the Circuit Court of Palm Beach County states the district defaulted on a financial support agreement. The suit says the district failed to reimburse the hospital for over \$18 million in uncompensated health care. The suit also says the district is in debt to the hospital for more than \$2 million in professional li-

bility insurance since 1990. Concerning the recent lawsuit, Chief Executive Officer of the Health Care District Cecil Bennett said, "I think it's utterly absurd."

The suit also states the hospital had notified the district of its default of payments in August, however, the district failed to comply.

The lawyer for the hospital said the district showed an interest in settling the lawsuit with the hospital but when payments were due, they acted in an unreliable fashion.

The lawsuit simply asks the court to order the two parties to go into arbitration, a step outlined in the financial support agreement. According to the Mr. Watterson, "This dispute originally started several years ago due to an attempt by the district to close one of the Glades area hospitals (Everglades Regional Medical Center, Pahokee, or Glades General Hospital, Belle Glade.)"

Fairbanks to be honored by Sugar Festival committee in 1994

J. Nelson Fairbanks, who for more than 25 years has contributed to the success of the Florida sugarcane industry, will be the honoree at the 1994 Sugar Festival in Clewiston.

Mr. Fairbanks, the president and chief executive officer of United States Sugar Corporation for the past six years, was chosen for his lifetime of service to the industry and to the communities of the Glades area.

The Sugar Festival, held in April each year in Clewiston to celebrate the end of the annual sugarcane harvest, attracts thousands of people from throughout Florida for a week-end of entertainment, food and auctions.

Each year the festival honors a person from a community in

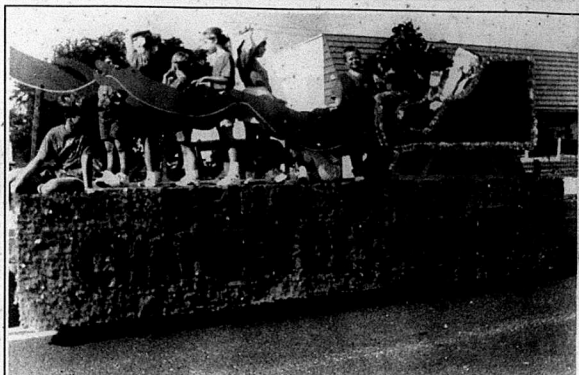

the Glades area. Past honorees include James Forbes, a Clewiston doctor and civic leader; John Boy Sr., former president of U.S. Sugar; Gaynam D. Rackstraw, owner of Rackstraw Auto Electric in Clewiston; Jack Fry, owner of Fry's Hardware in Clewiston; Beryl Bowden, for publisher of the Clewiston News and Henry Wren Shupe, now deceased, a long-time Clewiston physician and civic leader.

Mr. Fairbanks moved to Clewiston in 1966 as vice president and general manager of the Florida Sugar Cane League. He is a graduate of Louisiana State University and had served as an economist with the American Sugar Cane League in New

Orleans before coming to Florida.

Mr. Fairbanks joined U.S. Sugar in 1978 as vice president of Corporate Development and became senior vice president in 1985. He has been a member of the company's board of directors since 1983. He is a director and past president of the Florida Sugar Cane League, a director of the Community Foundation of Palm Beach and Martin counties, a director of the Florida Council of 100 and a member of the Economic Council of Palm Beach County.

This year's Sugar Festival will be held April 10 following the end of the sugarcane harvest. Details of festival events will be announced later.

Unusual reindeer...Santa's reindeer looked a little strange in Saturday's Christmas in the Glades parade. That was because Chamber Executive Director Iris Tenner said gators were more appropriate to pull Santa's sleigh in this area. The parade featured over 50 units and took almost a hour and a half to wind its way down Main Street.

for every Value Meal Pack sold during that two month period.

McDonalds owners Neil and Susan Ashton presented the check for \$2,500 to Tom Brown, president of the Raiders Boosters Club.

Investigators tracking leads in third cougar shooting this year

Cougar T-36 is dead -- the third to be shot since 10 cougars were released into the wild near Lake City early this year.

Wildlife researchers at Gainesville monitor the cats' movements by tracking the radio signals transmitted by the animals' collars. On Tuesday, Nov. 23, they began to suspect T-36 was in trouble because the 165-pound male cougar had remained in the same spot an unusually long time.

"Our people went into the area Wednesday, about two miles east of Otter Creek and a mile north of SR 24 in Levy County," Tom Logan, head of wildlife research for the Game and Fresh Water Fish Commission said. "The cat tried to crawl away from them on its front legs, but its back legs were paralyzed from a shotgun wound to its back."

The badly injured animal was located and taken to the Commission's wildlife research laboratory in Gainesville

where veterinarian, Dr. Mike Dunbar, determined the cougar's injuries were too severe to save it, so he euthanized the cat.

Logan said the latest incident is a serious blow to the experiment, which is a crucial step toward eventual reintroduction of endangered Florida panthers into the area.

"Hunters -- especially organized hunters -- can play an important role in helping us put a stop to this kind of

crime," Logan said.

Meanwhile, wildlife officers from the Commission's Lake City office said they have uncovered some leads in the case, and their investigation is progressing.

Anyone with information that leads to an arrest in this case could claim a reward of up to \$2,000 by calling the Wildlife Alert Hotline at 1-800-342-8105. Callers can remain anonymous and still claim the reward.

Blood Bank's new health partners program benefits everyone

The Palm Beach Blood Bank has initiated a new, unique program, in which everyone benefits - patients, donors, the community and the nation.

Called "Health partners," the program enables repeat blood donors to have the same kind of blood tests performed on their blood that their doctor would ordinarily have done as part of a routine physical examination. These expanded tests are provided by the Blood Bank at various annual donation plateaus - at no expense to the donor - through a series of donations. This allows the repeat donor to meet most of his or her annual health testing at no cost.

Statistics show that the acceptance rate of blood from repeat donors is significantly higher than blood from the occasional or one time donor. This is because the quality of the blood from repeat donors is

higher, patients in need of blood benefit because a higher acceptance rate increases this quantity of blood components available for patients. The public benefits because the tests further improve the quality of the donor base and help insure an adequate blood supply to meet the community's needs.

Results from these blood tests - which would cost hundreds of dollars if performed elsewhere - could provide the donor with information he or she would want to know if they had an unknown condition requiring medical attention. And, since the test results will be provided to the donor's physician, the donor's overall health care costs are reduced.

According to John Flynn, president and CEO of the palm Beach Blood Bank, the Health Partners Program was designed to benefit not just patients and donors, but local

communities and the nation as well. "The hope Health Partners can also serve as a role model to lower costs elsewhere in the health care industry," Flynn said. "If you consider the potential savings to be gained on a national scale, the reduction in health care costs could be significant."

The Health Partners Program is the latest of numerous health care programs initiated or pioneered by Palm Beach Blood Bank since it was founded in 1948. The Palm Beach Blood Bank today ranks among the nation's leading independent blood centers both in size and range of services. And the costs for all services offered by the Blood Bank, both routine and specialized, are among the lowest in the nation.

For more information about the Health Partners Program, call John Flynn at 407-845-2323.

The theme of this year's fair is "North to Alaska" and the fair is scheduled for Jan. 14-30.

Adult admission tickets are \$5 for advanced tickets, and \$2 for children. A three-day pass is \$12 and a book of ride tickets with 25 tickets per book are on sale for \$10. Wristbands are also being sold at the

chamber for a cost of \$10.

"These would make great stocking stuffers for Christmas," said Iris Tanner, executive director for the chamber. For more information, call the chamber office at 996-2745.

We left out some information in last week's newspaper story about De Ja Vue, the new gift shop which opened on Avenue A, Belle Glade.

The business is co-owned by

Mohammed and Souhila Abraham (Mr. Shrimp) of Belle Glade. Mr. Shrimp is also providing the shrimp platter which will be given away in their drawing.

Underwood an asset to city

In reference to your **Speak Out** concerning Mike Underwood, the city's recreation director, if we doubled his salary, and paid him to live at the campground, we would still have quite a bargain.

Mr. Underwood is the hardest working city employee and we are very fortunate to have him.

Thank you.

More on free rent

Just reading in **Speak Out** about Mr. Underwood living on city property and not paying any rent. Mr. Underwood's not the only one.

Why don't they cut out all this free rent out at the Marina and let everyone pay their fair share and then maybe our taxes wouldn't be so high.

Editor's note: City Manager Lomax Harrelle responds:

In response to the comment concerning free rent at the Belle Glade Marina Campground, it is the city's policy to provide campsites for the campground manager and the assistant manager. The city also offers campsites in lieu of monetary compensation to two longtime campers who provide campground security and maintenance. The services these two gentlemen give to the community outweigh many times the expense of two campsites.

Lomax Harrelle
City manager

If there are any further concerns regarding city matters, the city manager would appreciate being notified directly so that he could meet with the resident and respond in person.

Red Cross

This is Anne Hopkins. I'm the director of the West County Service Center, American Red Cross.

I am very proud to be a part of this community and to serve not only Red Cross but the people here in the community. I would like to express my sincere regrets if I have inconvenienced anyone in the area as we've prepared to get our building and our office open in a new location at 220 South Main. We have had some problems with parking and unloading and painting the building and cleaning it up.

Because we're so proud of where we are, that we're a part of the Glades, and we want to serve the Glades community.

But, if there has been, in any way, that I personally, or that Red Cross has put anyone at a discomfort or disadvantage, we apologize and we thank you for your patience with us and we look forward to continuing to serve you in the years to come.

If there's any complaints or anything I can help anyone with, call 992-9703.

Thank you.

In the Glades, there's something in the air...great expectations are everywhere!

Letters to the editor

Dear Editor:

I was a recent visitor to the Moore Haven, Clewiston, Belle Glade, and Pahokee area. I was one of the Florida Trail Association members who hiked around Lake Okechobee or part of it, beginning Saturday, Nov. 20, and ending Nov. 28.

I'm a bicycle tourist, riding around Florida on a bicycle. I've been riding for over eight months and 3,300 miles. Because I travel an unconventional means of transportation (at least it is for long distances) and the sheer quantity of gear I carry, people are frequently stopping me to ask questions. Other times people really go out of their way to help me in one fashion or another.

For their kindness and generosity I want to thank two Pahokee residents.

The first is Mr. Sam Boris, manager of the Foodland grocery store. He cashed an out-of-town check for me when nobody else, including the two local banks, would give me the time of day. He took the extra step, the extra effort, and for that, I'm grateful.

The other person is Larry at the William's Welding Shop across from Foodland in Pahokee. My heavy load had caused severe stress on my kickstand, and it was about to give out. The next kickstand was a little too short, so Larry did some work to make it not only longer, but longer as well.

When he got done, I asked him how much I owed - \$0! Well, I had some items that I'm sure he'll find a use for that I gave him for his efforts.

Both of these men are to be commended and I think they are a real credit to Pahokee.

I carry bumper stickers with me that I sell along the journey. The message: Practice Random Kindness & Senseless Acts of Beauty.

Mr. Boris and Larry, each in his own way, truly did practice random kindness.

Sincerely,
Rod Macdonald

Dear Editor:

The National Sports Fishing Foundation was in attendance at the Osceola County Legislative Delegation meeting, held Nov. 16, 1993.

It was brought to the attention of the 'Delegation' and people in attendance by a representative of the Osceola County Lake Management Advisory Committee, a report furnished by the Florida D.E.P., that of a boat fuel tax generating a total amount of \$18,842,911, only \$8,800,000, was distributed to be spent on boating interest and related activities.

This was based on a 1990-91 report. Of the total amount collected, \$18,842,911, this leaves \$10,042,911 unaccounted for. Gross receipts and expenditures for 1992-93 are unknown to the N.S.F.F.

A comment by one representative was that funds may have been redirected to other semi-related state programs, the status of the unused 1990-91 monies and also do any exist for 1991-92 and 1992-93?

These monies could be used for aquatic plant management which are greatly underfunded.

Other proposals for revenue to raise funds for lake restoration and aquatic weed control were:

1. Fishing license for 65 year olds and over, who are currently exempt.

2. Reinstatement of the 1-3 day license for non-residents.

3. Fishing license for cane pole fishermen.

4. A two dollar bass harvest stamp per year.

For your comments and input, contact the National Sports Fishing Foundation, 3154 South Orange Ave., Apt. C, P.O. Box 56077, Orlando, Florida, 32856-0777. Your support is needed.

Thank you.

On behalf of the Belle Glade Chamber of Commerce, we want to thank members of the community for their generous contribution of time and talent to the 1993 Christmas Parade. Your participation went a long way toward the success of this community-wide effort.

When the call goes out for people to get involved, our community never fails to have plenty of talented and enthusiastic volunteers.

Next year's parade is scheduled for Saturday,

Dec. 3, 1994. We hope you will want to join us again, and help the Chamber open the Christmas season in Belle Glade.

Many thanks again for making the Christmas Parade a success and best wishes for a joyous holiday season.

Balancing environmental quality and economic growth

By S. Fred Singer

Most we choose between the environment and a vibrant economy? Americans want both. They want to protect human health and ecological values and, at the same time, they want economic growth to provide more productive jobs and improve the standard of living for the American family. The issue is this: how to strike a balance between two worthwhile societal goals - environmental quality and economic growth.

Benefits. People care very much about the environment, but only after their basic needs are met. Certain scientific and economic facts are beyond dispute. Costs for the control and removal of pollutants, while low at first, rise rapidly as one tries to reach zero emissions. "Zero risk" is, in fact, an unrealistic and unattainable goal.

Benefits. On the other hand, are obtained in substantial amounts when modest controls are implemented, but then increase much more slowly as regulations are tightened. The policy question then is: how far to go on cleanup, how stringent to make the regulations, before diminishing returns set in - keeping in mind that the funds saved by households to improve the health and economic conditions of their families.

The question of how far to take environmental regulation should be based on the most objective scientific data from disinterested observers. It should not be based on mere computer models and speculative theories, as has been the case, for example, in the confused issue of global warming. Policy should not be based on emotion, activist "experts," and special interest groups who distort or ignore scientific facts.

The danger of too little regulation of pollutants is well known; it leads to adverse effects on human health and ecological values. The dangers of too much regulation are less well recognized.

Too stringent standards put a huge cost burden on local governments, industry, farming, and other businesses, and on the economy generally - a cost that must be passed along to families in the form of higher prices. But there is a little corresponding increase in the benefits.

The burden is especially onerous for small businesses and agricultural enterprises, many of which have been forced to close - thus reducing competition, the lifeblood of a growth economy.

Over regulation destroys productive jobs and expands the regulatory bureaucracy, while fostering mostly non-pro-

ductive activities in the private sector. The sole purpose of regulation should be environmental improvement, not the creation of a federalized, centralized job program.

Rigid regulatory prescriptions discourage the creation of alternative technologies that are cheaper, create less waste, and are more effective.

For all the reasons it is vitally important that the rationale for existing and future environmental regulation be carefully examined to make sure that inevitable changes in scientific understanding are factored into environmental policies.

With direct national expenditures for the environment now at \$150 billion a year and rising rapidly - an annual "tax" of \$1,500 per average household - we can no longer be complacent about the economic impact of environmental conservation. The twin goals of advancing environmental quality and economic growth require a balanced approach based upon sound science and sound risk analysis, and allowing for more cost-effective, local solutions.

S. Fred Singer, director of the Washington-based Science & Environmental Policy Project, is a research associate of the James Madison Institute, a Florida-based research organization.

Officers elected for Glades ARC

The Glades Area Association for Retarded Citizens held its sixteenth annual meeting on Tuesday, Nov. 30, at the Belle Glade City Commission Chambers.

Prior to the business meeting, the Association membership, the Board of Directors, and the staff held an informal reception.

The program review portion of the meeting was highlighted

by the success story of a young boy of four who has made courageous progress after suffering serious brain injury in a pedestrian-vehicle accident last March and despite a poor prognosis, walked to the podium and returned unassisted, laughing all the way and charming the audience.

The business meeting agenda focused on the election of new officers and directors and

numerous testimonials of praise for Tommy Cone who stepped down after three years as association president.

Newly elected officers were: Sandra Chamblee, president; Dr. Donald Fliehs, vice president; Donna Roberts, treasurer; and Steve Baumgartner, secretary.

Dr. David Miller as also elected as a new member of the board of directors.

An appreciation luncheon...Farm Credit of South Florida hosted a luncheon at the Belle Glade Marjana last Thursday to show their appreciation to their customers during their 60th anniversary and to all the farmers of the Glades. Shown is Vicki Chorus, marketing director for the South Florida Fair, getting served by Lex Kromhoof, president of Farm Credit and Eva Webb, small loan specialist for the company. Farm Credit also held a drawing and donated the proceeds, \$104, to the Glades Holiday Store.

The first state tax on cigarettes was imposed in Iowa in 1921.

The popcorn kids...Members of Cub Scout Pack 622, sold more popcorn in a recent sales drive than any other Cub Scout Pack or Boy Scout Troop in the Gulf Stream Council. A big round of applause for a job well done!

Cub Scouts top Council popcorn sales

Every fall, Cub Scouts and Boy Scouts all over South Florida help to raise money for Scouting by selling popcorn. This year, Cub Scouts from Pack 622, sponsored by the Belle Glade Community United Methodist Church, worked extra hard and sold 140 cases of popcorn.

That's almost \$9,000 in sales - more than any other Cub Scout Pack or Boy Scout Troop in the Gulf Stream Council, which encompasses seven counties.

If you ordered popcorn last month from your local Cub Scout, then get ready. The Scouts will be delivering it this

week. The Pack appreciates the support they received from the people of the Glades, and the boys are excited about the prizes they will be winning. After the popcorn is delivered, prizes and trophies will be awarded to the top sellers. Watch *The Sun* in January for those results.

Raider Log

By Alexa Lutz

The annual District 10 Thespian one-act play festival was held this past weekend at Suncoast High School. Glades Central was one of 16 schools participating. Each school presented a one-act play before a panel of three judges for individual ratings. Glades Central presented the play, "The Land of Countenance" by M. Ellis Grove.

Genia is the mind of a young boy's imagination, but he is called into reality by the voice of his growing up. Herbert Hutchinson portrayed the young boy, Tommy; Brian Edgcomb played the part of Somerset the Clown; Alexa Lutz is the Princess Gloriana; Tamica McRae appears as Hildegarde the Witch; while Daryl Flintroy worked as stage manager and the voice of Tommy calling him back into reality.

The cast received superiors for their endeavors. One of the judges stated that it was his favorite play all day. The judges commented that they enjoyed the honest acting and great ensemble acting from the cast.

The stage crew consisted of Snowie Austin, Amanda Daly, Daren Ray, Kerthasis Loyal and Lamarus Thomas. They were timed and judged for their work backstage also.

Brian Edgcomb received recognition for his character by receiving best actor and a place in the all star cast line-up.

Essay contest to reward bonds

American Family Cruises (AFC), the first and only vacation totally dedicated to families travelling with children, in cooperation with the Florida Department of Education, is sponsoring a statewide essay contest highlighting "The Difference My Family Makes." The contest, designed to promote the link between academic achievement and a student's family participation, will recognize Florida students from elementary to high school.

Three grand prize winners will be invited to christen AFC's very first KinShip, the American Adventure, on Dec. 17. The winners will sail with their families on the Adventure's maiden voyage out of Miami Dec. 18. In place of the traditional champagne bottle, the essay contest winners will christen the American Adventure with a giant bottle of Coca-Cola.

Students throughout the State of Florida—in elementary, junior/middle and senior high schools—are being asked to write a narrative essay that describes how their family contributes to

their education; the difference their family members make at home, at school and/or in the community.

The best part of the contest is that everyone is a winner. Each student who enters the contest will receive a Certificate of Recognition. More than 200 district finalists in three categories (K-5, 6-8, 9-12) will receive a \$50 U.S. Savings Bond; grand prize winners and their families will be awarded a seven-day cruise on the American Adventure's inaugural sailing in addition to making history as the first "Godchildren" ever to christen a ship.

AFC will also present a \$100 U.S. Savings Bond to the grand prize winners' school boards; the bonds will be earmarked for the districts' college assistance programs.

For more information on the AFC/Florida School System essay contest, contact either Jennifer Schott (ext. 123) or Stephanie Hofmeister (ext. 148) in AFC's public relations department at (305) 368-7325.

ROTC program at PHS teaches leadership

Tammy Jackson
Staff Reporter

The Pahokee Chamber of Commerce Breakfast held at Everglades Regional Medical Center recognized the Pahokee Junior Senior High School ROTC program, and the mission that the ROTC stands for.

Col. Heltaley told the group the ROTC program at the PHS is a citizenship program for the young people. He said the students are taught to respect people, respect property and respect authority. Presently there are 140 cadets at the school.

Florida presently has 107 new Air Force units. There are 45 Jr. ROTC programs in the state.

"The program at Pahokee High

School is a Cadet-run program," said Col. Heltaley. He said the Cadets head the program because that is the way they learn leadership abilities.

The colonel said, "The program is having an impact on the community." He said it is approached throughout the school and the community with praise of the ROTC program.

He said he also serves as a link between the community and the cadet, and the teacher and the cadet. Col. Heltaley said he is very concerned about the cadet's academic profile.

To enter the cadet program, Col. Heltaley said the cadets are required to have a 2.0 grade point average.

Dawn Frazier and Joseph Miller plan December wedding

Michael Frazier, of Belle Glade, and Cheryl Abney, of Clewiston, announce the engagement of their daughter, Dawn Noelle Frazier, to Joseph Dale Miller, Jr. The prospective groom is the son of Mr. and Mrs. Joseph D. Miller of South Bay. The couple plan a Dec. 18, 1993 wedding at 7 p.m. at the Belle Glade Alliance Church.

Committee worked endlessly to host excitement

Individuals who worked so diligently on the Grassy Waters Festival and Car Show were:

Dick Meyer - chairman;
Sandy Jarrell - co-chairman;
Brian Louthan - athletic chairman;
Cathy Mooney - activities chairman;
Larry Wright - vendor chairman;
Dick Meyer and Paulette Mills - media book co-chairman;
Lisa Miller - finance chairman

"Heigh Ho, heigh Ho, it's off to State we go!"

Glades Day fans will be spending the weekend in Daytona Beach courtesy of the varsity football team, who defeated Benjamin 27-7 in the southern semifinal game last Friday. The win was ever so sweet for the boys, who avenged an early season district loss to the Bucs by knocking them out of the playoffs. The Gators will face Graceville for the state championship at 2 p.m., Saturday in Daytona's municipal stadium.

Plans are for the team to leave Friday morning and stop in Orlando for a practice at the University of Central Florida's football field before heading to Daytona to spend the night. The team will be staying at the Holiday Inn Crowne Plaza off I-95 in Daytona. Fans are welcome to make reservations there also.

After the game on Saturday, Coach Mandy Perez plans to take the guys back to Orlando (hopefully to celebrate a victory!) and then on to Belle Glade later Saturday night.

Good luck, guys - we'll all be there to cheer you on!

Next week will be busy also with the fall sports banquet on Monday evening, the Glee Club concert on Wednesday, and basketball games on the other nights!

Choral director Janis Fliehs is pleased with the progress of the Junior and Gator Glee Clubs despite not being able to start with the Christmas program until late October. She reports everyone should be ready and once again visitors can expect an outstanding performance by the students. The concert begins at 7 p.m. Wednesday, Dec. 15, at the Dolly hand Cultural Arts Center.

A reminder to parents of football/volleyball athletes and cheerleaders - The Fall Sports Banquet will be held next Monday, Dec. 13, at 7 p.m. in the school gymnasium. Parents are asked to donate \$5 per adult by Thursday, Dec. 9, to cover the cost of meat and supplies and to bring a covered dish to feed 10-12 people the night of the banquet.

NOTE: The Gators' softball team is having a drawing for a full-size camouflage quilt donated by Log Cabin Quilts (Sister's Choice) on Friday, Dec. 17. The quilt is on display in the high school office. Tickets are only \$1. Proceeds will help send the girls to camp next summer.

Residents win cash in drawing

The winners of the St. Mary's Catholic Church drawing which was held Dec. 5 were:

First prize: Bonelle Pittman, Pahokee, - \$250;
second prize: Alice Spooner, Pahokee, - \$150; and,

third prize: Fritz Stein, Belle Glade, - \$100.

The Ladies of the Altar Society wish to thank everyone who contributed to the success of the affair.

Legal Notices

NOTICE BY GLADES DAY ELEMENTARY DISTRICT OF INTENT TO USE THE UNIFORM AD VALOREM METHOD OF COLLECTION OF A NON-AD VALOREM ASSESSMENT

Notice is hereby given to all owners of lands located within the boundaries of the Glades Day Elementary District that the Glades Day Elementary District intends to continue using the uniform method of collection of such non-ad valorem assessments as have been or may be levied by the District, with said method of collection to be carried out in accordance with Section 197.002, Florida Statutes.

The District's Board of Supervisors will hold a Public Hearing on December 13, 1993, at 10:00 a.m., at the Bala Glades City Hall, Conference Room B, 110 Southwest Avenue B, Bala Glades, Florida, for the purpose of which is to consider the adoption of a Resolution authorizing the Glades Day Elementary District to continue using, in accordance with Section 197.002 Florida Statutes, the uniform method of collecting such non-ad valorem assessments as have been or may be levied by the District.

Glades Day Elementary District has in the past adopted and levied non-ad valorem assessments and some or all of said assessments may continue for subsequent years. However, in 1994, the District may adopt and levy new non-ad valorem assessments for the District's fiscal year 1994-1995, some or all of which may continue for more than one year, with said assessments being upon some or all of the lands located within the District's boundaries. The non-ad valorem assessments which have been previously adopted, are continuing or will be adopted for the District's fiscal year 1994-1995, have been or will be levied for the purpose of payment by the District of bond indebtedness, maintenance and other lawful obligations of the District.

The aforementioned non-ad valorem assessments have been or will be adopted and levied for one or more of the following reasons:

1. They are required to be levied for the first time, or they are existing and have been previously placed on the roll and collected.
2. They were or are being increased beyond the maximum rate authorized by law at the time of their initial imposition.
3. They were or are related to a change in the boundaries of the Glades Day Elementary District.
4. They were or are related to a change in the purpose of an existing assessment or in the use of the revenue from such assessment.

Interested parties may appear at the public hearing to be heard regarding the use of the uniform ad valorem method of collecting such non-ad valorem assessments.

If any person desires to appeal any decision made with respect to any matter considered at this public hearing such person will need a record of proceedings and for such purpose such person may need to ensure that a verbatim record of the proceedings is made at their own expense and which record includes the testimony and evidence on which the appeal is based.

Fort Meade defense too strong for Blue Devil offense

Tammy Jackson
Staff Reporter

Pahokee Blue Devils had their dreams of continuing their bid for the Class 2A championship upset when they were handed a defeat by Fort Meade 30-6.

A passing game was not needed as the Miners rushed for 353 yards on 53 carries. The Miners didn't throw passes but with an offensive line averaging 260 pounds, that need was unnecessary.

Pahokee Head Coach

Mark Kaczanowicz said, "I'd say they moved our defensive front out. They used their size to their advantage." Pahokee's defensive front only averaged 190 pounds.

Fort Meade, 9-3, started the hitting game early in the first half. With a Pahokee punt from their 13-yard line

and a 28-yard kick, the Miners gained possession of the ball on the Blue Devils' 41-yard-line. After five plays, the Hornets were in the end zone with a 15-yard run up the middle. Joe Clark added the two-point conversion giving Fort Meade an 8-0 lead with 6:46 remaining in the first

quarter.

The Blue Devils (10-3) drove from their 28-yard line to the Miners' 7-yard line in eight plays. However, quarterback Tyrone Richardson lost 4 yards when he fumbled the ball and then recovered it. He then threw two incomplete passes and turned the

ball over to the Hornets.

Fort Meade had two turnovers early in the second half but the Blue Devils were only able to convert on one. Taking over at their 16-yard line, the Blue Devils drove 84 yards in 11 plays. Richardson threw a 26-yard scoring pass to Keo Green. The two-point conversion failed but Pahokee was within 10 as the score

stood at 16-6 in the third quarter.

Fort Meade then had total control of the ball and the game. They had the ball for 20 of the next 30 plays. They wore the Blue Devil defense down and added two more touchdowns to the scoreboard. The Miners ran 53 plays while Pahokee only ran 31.

Glades Central continues battle for 3A victory; defeats Haines City 21-14

Tammy Jackson
Staff Reporter

Glades Central recorded their 12th victory in 13 games as they ran over Haines City 21-14 in the quarterfinals of the Class 3A state playoffs. The victory earns the Raiders a trip to Lake Wales.

Big plays have been a trademark of Glades Central's football team all season. The game Friday night was no exception.

An outstanding second-half defensive effort by the Raiders pushed them one step closer to a hopeful show in the state championship game to be held in Daytona Beach.

Glades Central Head Coach Rick Casco said, "We knew it was going to be a defensive game. The defense did a great job."

lofted a pass to junior Nathaniel Freeman. Freeman than took the ball into the endzone after outleaping the Hornet defense. The two-point conversion was incomplete but the Raiders went into halftime with a 13-7 lead.

After the kickoff to start the third quarter, the Raiders offense pushed the Hornets back 84 yards in five plays to score their third touchdown.

Although held to only 64 yards rushing by Haines City, senior tailback Fred Taylor scored the fourth touchdown on a 9-yard TD run.

A 66-yard run by junior running back James Jackson on a third-and-one play kept the drive moving and set up the score.

Seider than found Anthony on a two-point conversion pass. This gave the Raiders a 21-7 lead in the ball game.

However, Haines City began knocking on the door of the Raiders when they narrowed the lead to 21-14 on a 19-yard run with 8:10 remaining in the fourth quarter.

With a crowd estimated at 5,000, fans were aroused when Seider sealed the victory for the Raiders with a 40-yard run on a third-and 4 play with only 50 seconds remaining in the ball game. Seider completed 6-of-12 passes for 68 yards. He rushed for 48 yards.

According to Coach Casco, "It's a game of great opportunities and we've taken advantage of those most of the year."

The Raiders will travel to Lake Wales Friday night as they continue to pursue their dreams of becoming the state Class 3A champs.

Defensive members of the Blue Devils' football team are jubilant after they tackle a Hornet. However, the game did not go the way the Blue Devils had hoped.

Ream's dream became a nightmare when Gators defeated Buc's 27-7 ... next stop Daytona

By Paula Burkett
Staff Reporter

Coach Ron Ream was anything but smiles after the game last Friday night, when the Glades Day Gators defeated Benjamin for the spot in the state finals.

Hundreds of Gator fans lined the stands and the sidelines cheering on the Gators, team spirit was high and the Gators were determined to win.

The Gator defense was once again dominating, and the Gator offense was on a roll. Scoring twice in the first quarter and leaving Benjamin shut out at half time.

With the Gators averaging a 31-12 loss Sept. 24, they ran the ball 47 times and outrushed Benjamin 225 yards to 102. They only went to the air six times but quarterback Graham Chauncey completed five passes for 93 yards.

Glades Day Coach Mandy Perez said, "They were a better team than we were the first time. We just kept getting better and better. Our young people grew up."

Glades Day junior Patrick Whitehead, 6-foot-1, 265 pound, carried the ball 24 times for a total of 108 yards

and three touchdowns.

The Gators possessed a ball-control offense that ate up yardage and time off the clock. Benjamin's hopes of returning to the state championship game were shattered when the Gators walked on the field.

Glades Day controlled the ball only three times in the second half. However, they scored the two touchdowns that clinched the victory they travelled to West Palm Beach to capture.

The offensive linemen a Glades Day are not only big, they know how to open up the hole to make good runs happen. "With blocking like that up front, we can go anywhere," said Whitehead. "So we are going to the playoffs."

With linemen Donny Moss, Doug Corbin, Kirby Norman, Mark Collier and Michael Gilliam opening huge holes, the rest of the duties were left to Whitehead, Danny Scott, Chauncey and Jeff Goodale.

Scott had 15 carries for 68 yards and one touchdown. Chauncey was six for 23. Wingback Goodale was two for 26.

The Gators took a 14-0 lead in the first quarter.

With Benjamin being shut out in the first half, they went to a passing game in the second. They scored their only touchdown of the game with a 20-yard pass from Mike Poncy to James Clark. Ted Schumann added the conversion.

Benjamin's Ben Moore led them with 46 yards on eight carries. Nate Latour carried the piskin six times for 38 yards.

According to Coach Perez, "I think Benjamin got a little closer, but we got a lot better."

"Our offensive line is doing a great job. We're not real quick but we're big for a 1A school. We use a lot of misdirection, and the quarterback throws just enough to keep them honest. It was typical Glades Day football."

With the easterly wind being a major advantage for the Gators, Benjamin Coach Ron Ream said, "I'd have given anything to win the toss and get the wind. If our defense could have stopped them the first series, we'd have had the momentum."

The Gators had 16 first downs, while holding Benjamin to only 11.

Daytona, here we come!!!

Coaches and Glades Day team members head to the field after they defeated Benjamin. The win earned the Gators a trip to Daytona where they will battle for the Class 1A championship.

A Raider coach discusses with the offense the things they need to do to remain in the ball game.

Raider senior Reidel Anthony is shown with his biggest and most loyal fan, his mother.

High school football championships to be held in Daytona Beach

The State High School Football Championship games will get under way at 2 p.m. Saturday, Dec. 11, when Belle Glade's Glades Day School takes on Graceville High School at the Daytona Municipal Stadium.

The Class A game is the first of five games sponsored by the Florida High School Activities Association. As many as 20,000 people are expected to attend the games Dec. 11 and Dec. 17-18.

The schedule for each class

is as follows:

Class A: 2 p.m. on Saturday, Dec. 11;

Class AA: 7:30 p.m. on Saturday, Dec. 11;

Class AAA: 2 p.m. on Saturday, Dec. 18;

Class AAAA: 7:30 p.m. on Friday, Dec. 17;

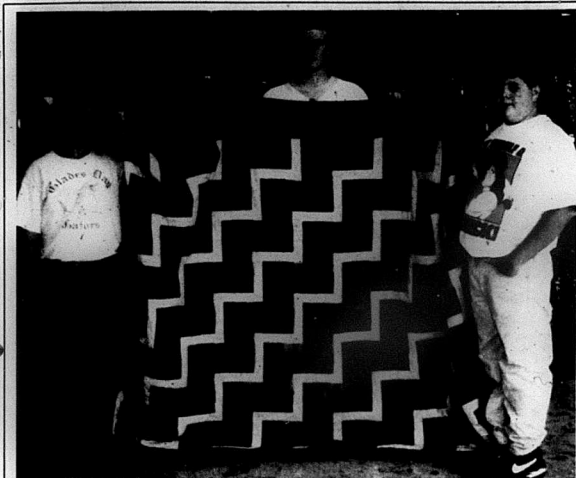

Class AAAAA: 7:30 p.m., Saturday, Dec. 18.

Special room-rate packages are available at a number of area hotels and motels. For more information on accommodations and attractions, call

the Daytona Beach Area Convention and Visitors Bureau at 1-800-854-1234.

Admission is \$6 per person per game. Tickets for all games are now on sale and available at some Central Florida Outlets.

For more information on the Florida High School Activities Association State Football Championships, call the City of Daytona Beach Parks and Recreation Department at (904) 258-3106.

Glades Day School's varsity softball team will raffie this full-sized camouflaged quilt on Friday, Dec. 17. The quilt was donated by Sister's Choice of Log Cabin Quilts. Tickets are \$1 each. They are available from the school offices or any member of the softball team.

The Pahokee Blue Devils played their playoff game with much enthusiasm but Fort Meade proved to tough and strong for them.

HEADACHES

Also called sick headaches, a typical migraine attack, begins with a dull throbbing ache in one area of the head and progresses to a piercing pain. These tortuous attacks may be preceded by a change in the field of vision - a flickering before the eyes, flashes of light or a partial blocking of the vision. They are sometimes accompanied by nausea or vomiting. They are seldom relieved by aspirin. Their duration is from 2 to 48 hours.
